

ANA Membership Assembly Delegate

Donna Doyle, DNP, RN, CNOR, NE-BC,
FAORN

Self Employed President & Perioperative Consultant, DJD
Consulting, LLC
Powell, Ohio

Candidate Statement

Nursing is a highly complex and demanding profession. As such, advocacy is an important component of our practice at the bedside, in the organizations in which we are employed and in our communities both local and national. Championing safe work environments for our colleagues and most importantly for our patients through initiatives such as workplace violence prevention, sharps safety, safe patient handling, smoke evacuation, staffing and ensuring evidence-based practices contribute to optimal outcomes. I bring decades of clinical and leadership experience as well as organizational knowledge to contribute. I am passionate about advancing evidence-based practice and advocacy as essential drivers of quality, safety and professional excellence. As an ANA Membership Assembly Delegate I will thoughtfully evaluate emerging issues and practices and support adherence to evidence-based guidelines by fostering meaningful dialogue that advances patient safety while promoting a healthy and resilient workforce in order to ensure the highest standards of care for the patients we serve.
