Candidate Statement

Throughout my career, I have been driven by a commitment to advancing nursing excellence through servant leadership, innovation, and evidence-based practice. With more than 20 years of executive nursing leadership across large, complex health systems, I have focused on improving patient outcomes, strengthening the nursing workforce, and fostering cultures of professional governance, quality, and accountability. I believe that exceptional patient care begins with empowering nurses to lead, grow, and practice at the highest level of their profession. My continued service in national and state nursing organizations, combined with my work in research, education, and regulatory excellence, reflects my dedication to advancing the nursing profession beyond my own organization. I am honored to be considered for this opportunity and welcome the chance to continue contributing my experience, leadership, and passion to support the profession and improve the health of the communities we serve.
