Candidate Statement

I am honored to be considered for the Nomination and Election Committee with ANA-Ohio. As a registered nurse with more than 13 years of experience spanning medical-surgical, telemetry, critical care, and hospice, I have dedicated my career to advocating for patients, supporting colleagues, and advancing the nursing profession. Throughout my career, I have served as a charge nurse, preceptor, and Shared Governance leader. I have pursued opportunities to strengthen nursing practice through quality improvement initiatives, research, professional certification, and leadership development. My professional journey has included presenting quality improvement work at organizational and professional conferences, completing leadership development programs, and attending the 2024 Magnet Conference. These experiences have reinforced my belief that frontline nurses play a vital role in shaping healthcare delivery and the future of our profession. In my current home hospice role, I am actively involved in projects focused on improving patient care and outcomes. I am seeking this opportunity to represent practicing nurses and contribute to ANA-Ohio's mission of advancing nursing excellence. I would be honored to bring a diverse clinical perspective, a commitment to lifelong learning, and a passion for collaboration, advocacy, and quality improvement in service to nurses, patients, and families across Ohio.
